

For this mini unit, we learned all about Pop Art, Andy Warhol, and different ways to add color to a project using photoshop.

You will be writing your artist statement for ONE of the portraits we made together in class: **Pop Art Celebrity Portraits, Pop Art Self Portraits, or the Pop Art Swatches Portrait.** *It is your choice which project you will answer the following questions for.*

Use the following questions as a guide as you write:

1. **How did you change the colors for your subject's face?**
2. **What tools did you use to complete your portrait and how did you use them?**
3.
 - If you used a celebrity photo: **Why did you choose this celebrity for your project? Who are they?**
 - If you use a selfie: **Why did you choose this selfie? What emotion is it showing?**

This should be a short paragraph, about 4-5 sentences long. **Use the space below to write.**

For This project I used zendaya. She's one of my favorite actresses . I felt like she was perfect for this project. I changed her in every color possible.
